BREAKFAST. "By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocca, Mr. Lpps has provided our breakfast tables with a deficately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.

#### Reports Concerning His Condition Denied at His House.

A report sent from here to some of the New York papers last night describing Mr. Randall as in a dying condition is emphatically denied at the home of the famous Pennsylvania states man, Mr. Randall is pictured there as being able to read the papers, and in response to inquiries the usual answer is given: "Mr. Randali is better today."

There is little doubt felt among Mr. Randall's associates in the House, however, that the great democratic leader is still a very sick man. They do not look for any sudden change for the worse, but anxiety is shown on every member's face when the sick man's name is mentioned and news concerning his condition is eagerly received.

WHY MEMBERS REJOICED TODAY. The Bill to Pay Salaries Borrowed by Silcott Passed by the House.

The members of the House have received the happy tidings that the Department of Justice would not take an appeal from the decision of | tirely by American citizens, the Court of Claims placing the responsibility upon the government for the loss of members' salaries through the defalcation of Silcott. The papers in the case were submitted to Secretary Windom on Friday for an opinion as

to the advisability of taking an appeal. Mr. Payson saw the Secretary morning, and was told by him that the department was willing to let the decision of the court stand uncontested. Mr. Payson brought this good news to his fellow members and there was general rejoicing. Immediately after the naval committee got through with its bill Mr. Adams called up the bill to appropriate money to pay the November salaries, which had been defeated in the House and upon which was pending a motion to reconting the money to pay the November salaries, where employed on the vessels and received higher wages than the American seamen.

#### OHIO'S SPRING ELECTIONS. The Result May Give Democrats Hope, But is Pretty Even.

CINCINNATI, April 8.-At yesterday's city election the total vote cast was 48,500, which is over 7,000 less than at last year's April election and nearly 30,000 less than the registration. Samuel F. Hunt, democrat, for superior judge has 13 majority. Emil Rehse, republican, for clerk of the police court has 2,000 majority. The other two democratic candidates were elected by 600 and 1,000 majority, respectively. The council has a republican majority of two and the board of education of six. Dispatches from over the state show that the

vote was light. At Mount Gilead the republi-cans elected their entire ticket. Also at Camcans elected their entire ticket. Also at Camden, with one exception. The democrats prevailed at Joinville, Canton, Celina, Bucyrus
Sandusky, Springhed, Ashland, Millersburg,

#### He Stole His Emlpoyer's Goods and Went Into Business With the Plunder.

CHICAGO, April 8 .- C. P. Wikoff, a trusted employe of the wholesale drug firm of Fuller & Fuller, has been arrested, charged with having systematically robbed the firm of over \$1,000 worth of druggists' sundries during the past three months. He has disposed of his stealings to retailers. Wikoff, in order to dispose of the property stolen, lived a dual life, Outside of the store he passed as Chauncy J. plete wreck and that the loss of life must be Thomas, going into business under that name heavy. He had a lot of stationery printed, upon which his business address was given as 79 West Madison street, which place was his sleeping room. His sta-tionery consisted of bill heads, statements, blanks for country customers and printed blanks for price quotations. Knowing many of the Fuller & Fuller company's country customers Wikoff mailed them quotations on the articles at a few cents below the lowest rate quoted by his employers. If Wikoff had con-fined his thriving trade to country orders he would probably have operated in security for an indefinite time, but he became ambitious, commenced to work up a local trade and was soon detected. Wikoff is twenty-four years old and is well connected in this city, his father being one of the Fuller & Fuller con pany's best customers.

#### NOT BIG ENOUGH FOR HIM. Mr. Carnegie Couldn't Afford to Rus the B. and O.

BALTIMORE, April 8 .- "Without foundation." is the general comment of business men when they are asked about a revival of a report that Mr. Andrew Carnegie will soon succeed eral offices of the Chicago, Burlington and Mr. Mayer as president of the Baltimore and Quincy railway a report of the disaster was Ohio railroad. "It is too foolish to talk received by the superintendent at 11 o'clock about," exclaimed Mr. Enoch Pratt, the close friend of Mr. Carnegie. To think that Mr. Carnegie would relinquish a business of \$50,000,000 a year to come to Baltimore and

manage a road is preposterous.

This revival of a report that a change is about to take place in the presidency of the Baltimore and Ohio Railroad Company is probably due to an effort being made in Ohio to organize a new railroad, to be known as "The Carnegie Road." The Pittsburg and Western Rail-road, which runs from Pittsburg, Pa., to Akron, Ohio, has purchased the Toledo and Delphos narrow gauge road, which is finished from Carey to Delphos. The track will be made standard gauge and extended to Chicago. It is proposed to build from Plymouth to Findlay, and then, according to the program, to pur-chase the American Midland system between Findley and Ottawa, and which is graded as far as Fort Wayne, Ind., then by building a short distance make a new trunk line between Pitts-burg and Chicago that will be fifty miles shorter than any route now connecting those two

A Minister Who Fights Like a Turk. CHICAGO, April 8.-A dispatch from Joliet, Ill., says: Rev. Dr. Whitman explained the charges against him last night to his congregation. He had just arrived from Charlottetown, Prince Edward Island, where he had also been arraigned on charges preferred there by the Rev. Dr. Read and explained every charge, and it now appears that he is the vic-tim of a conspiracy. It is related that his congregation think this way, for they exon-erated him by an overwhelming majority. Letters from clergymen of all denominations in Prince Edward's Island were read highly in Prince Edward's Island were read highly praising the doctor as a minister of energy, eloquence and Christian purity. The church has not yet officially reported in the case. The faction opposed to the doctor is small, but bitter and influential. The pastor, however, fights like a Turk and conceals nothing. The principal charges are undue familiarity with young women. The proof in favor of it is

ap8-2t FIRST MORTGAGE 20 YEARS REGISTERED 6 PER CENT BONDS THE HYGIENIC ICE CO. In any sums, \$100, \$500, \$1,000, \$10,000.

We have secured from the Company the privilege of selling \$25,000 of the above bonds, and we now offer them for \$103 and interest from April I to date of sale.

The capital stock of the Hygienic Ice Company amounts to \$50,000, and the plant, now nearing amounts to \$50,000, and the plant, now nearing completion and to be in full operation by May 15, cannot be duplicated for \$250,000.

The deed of trust given to secure the bonds covers the entire plant of the Company. The bonds are payable twenty years from January 1, 1890, and will be issued only as the work of construction progresses.

bonds are payable twenty years from January 1, 1890, and will be issued only as the work of construction progresses.

The Company owns by purchase the famous Federal Springs, a mile and a half east of the Capitol, being the largest within the District of Columbia, from which there is the enormous output of over 800 gailons a minute. These springs have long been famous for the purity and sweetness of the water therefrom. Because of the phenomenal coldness of the water (54 degrees F.) the task will be greatly reduced, and for this reason the daily work of freezing can be carried on more easily and more oconomically than by any future competing plant, which will be compelled to use river or other water of a higher temperature.

The buildings have been erected to accommodate a duplicate plant of machinery to that an output of 240 tons a day can be secured at a very low additional cost. This duplicate plant may be put in this season to meet the unexpectedly large demand already apparent for the flygienic ice, thereby adding to the security of these bonds.

These bonds will be registered by the Washington Loan and Trust Company. The interest at 6 per cent will be paid quarterly on the first days of January, April, July and October, by check of the treasurer mailed to the holders of the bonds, as is done with the interest checks of the bonds of the Washington Market Company. They will be issued in multiples of \$100 at the option of the purchaser.

For these reasons the bonds will prove a very desirable investment and command a large premium—making a profitable as well as a safe investment. To those first appiying the limited number of bonds at our disposal will be first sold.
